**CHAIRMAN
JACK BRILL**

We've all watched what has happened over the past four years in our country. If Republicans do not win up and down the ballot, starting with **returning Donald J. Trump back in the White House**, our nation is in trouble. It is essential we return Senator Rick Scott to the U.S. Senate and retake that chamber and to join President Trump in leading our country out of the Biden-Harris disaster. By working non-stop, even outside of election season, the Republican Party of Sarasota County has continued to grow our voter registration lead over Democrats. But now we must maintain full Republican control of the Sarasota County Commission by electing Teresa Mast in District 1 and Tom Knight in District 3, while maintaining Republican control of the Florida House by re-electing Fiona McFarland in District 73, James Buchanan in District 74 and Danny Nix in District 75. A lot is riding on this. Remember to **vote on November 5**, or by early voting or by mail. We must all stand together for traditional American greatness and against the forces of destruction.

-Jack Brill

OFFICIAL VOTER GUIDE GENERAL ELECTION

This election will determine the direction of America for a generation, maybe longer. It is the difference between a collectivist authoritarianism that shuts down free speech and free action, throws our borders wide open and imprisons political opponents, and a vision for America that is pro-freedom, pro-capitalism, pro-family, secure borders and low crime. The choice is ours. Vote by mail, by early voting or on election day, November 5.
